Every child of school age has attended school the required number of weeks, or been taught at home.

There has been a reasonable amount of progress in all of the schools.

We are pleased with the interest the parents have shown in the schools by visiting them, but would suggest that a greater amount of interest would be gratifying.

Why can't we all take more pains in seeing that the children are not absent or tardy? It would encourage the teachers and cultivate the habit of punctuality in the children.

No. 4 School House needs two coats of paint the coming spring. Nos. 1 and 8, also need one coat, which will answer provided some places are patched over first. The estimated cost of which will be about \$65 00. Also No. 7 needs a new stove very much. The tower on the building is not safe and it should either be repaired or taken down and the roof continued out in place of the tower.

Explanation.—Ten per cent has been paid to the Town on the principal of the above mentioned bank book and debenture bonds and the interest on the bonds from the time they were transferred to and paid for by the Town, July 1, 1896 to Jan. 1, 1897, amounting in all to about \$500.

Included in leg'ees paid is the \$2,500 left in trust for Chas. E. Prescott and his children. This amount is in the hands of the Exrs. in trust waiting for a Trustee to be appointed by the Probate Court.

The Town of Jaffrey has an interest in the appointment, as \$1,000 of this fund will go to the Library Fund at the decease of C. E. Prescott and wife. And should none of the children mentioned in the will live to become of age, the \$1,500 left for them will also go to the said fund.

The Executors make no charge for their services in settling the estate, in erecting the building, nor for personal expenses paid in connection with the same.

The account in detail, of which the foregoing is an abstract, will be deposited in the hands of the Trustees of the Library.
